Creative and technically skilled Interior Architect with 5+ years of experience in diverse design projects across residential, commercial, and governmental sectors. Saudi Ministry of Sports Certified, adept at leveraging technology and technology to enhance design workflows. Proven ability to manage projects, exceed client expectations, and deliver innovative, functional designs.

EXPERIENCE

MASARAT AL NODTHOM COMPANY – Riyadh | Interior Designer

December 2024 – Present

- Designing and managing renovation projects for commercial and residential spaces (showrooms, cinemas, villas).
- Creating interior layouts and 3D visualizations for client presentations and project execution.
- Coordinating with contractors and suppliers for project workflow and material procurement.

ANMA SAUDI TRADING COMPANY – Riyadh | Freelance Landscape 3D Visualizer

2024 – Present

- Delivering 3D landscape visualizations for residential and commercial projects (pools, outdoor spaces).
- Developing CAD drawings for landscape designs and integrating BIO Design pool solutions.

SIHAM AL MODON – Riyadh | Freelance Facade Designer

2022 – Present

- Managing facade cladding design for residential, governmental, and commercial buildings (natural stone, marble).
- Coordinating with engineers and site teams for facade installation processes.

MADAREK Engineering and Consultants - Riyadh | Interior Designer

March 2024 - July 2024

- Certified by the Saudi Ministry of Sports for expertise in key governmental projects.
- Lead designer for Ministry of Sports projects, including stadiums across Saudi Arabia for the World Cup. Key areas: conference rooms, media rooms, VIP lounges, team changing rooms, parking, jacuzzis, etc.
- Designed and consulted on-site for an addiction treatment center in Al-Mahidiya, Riyadh, assisting in finishing phases, quality control, material selection, and client coordination.
- Developed 3D design solutions for Prince Abdullah bin Jalawi Stadium in Al-Ehsaa, focusing on VIP lounges, optimizing workflows, and ensuring high design standards on-site and remotely.

Banat Alaemar & Arab Venus Diamond – Riyadh | Design and Documentation Lead

October 2022 – March 2024

- Managed design and documentation for two sister companies, developing strategies to enhance competitiveness.
- Led technical drawings, quotation analysis, BOQ assessments, and precise on-site measurements for accuracy and compliance.
- Created high-quality 3D renderings to strengthen project proposals and meet diverse company needs.
- Translated project bids, expanding market reach and international connections.
- Implemented strategies to improve workflow efficiency and align with market standards.

Matta Gallery, Lebanon | Furniture Sales & Design Specialist

2020 - 2022

- Assisted customers in selecting furniture and materials, providing design recommendations based on their needs and preferences.
- Created basic 2D and 3D layouts using SketchUp and AutoCAD to help customers visualize furniture placement.
- Supported senior designers and sales teams by preparing mood boards and product suggestions.
- Maintained showroom displays, ensuring an appealing presentation aligned with current trends.
- Coordinated with vendors and warehouse teams to track furniture orders and deliveries.
- Kept up with design trends and customer preferences to improve product recommendations and sales strategies.

ARCHI4DESIGN, Beirut, Lebanon | Owner

2018 – Present

- Spearheaded over 20 interior design projects, spanning from residential to commercial spaces, with a strong focus on enhancing client satisfaction through superior visualization techniques.
- Orchestrated projects with an emphasis on the power of visual storytelling, ensuring concepts were fully realized through detailed 3D models and renderings, making client engagement and decision-making more intuitive.
- Pioneered the use of innovative visualization tools to bring design concepts to life, setting a new standard in project presentation and client interaction.

ANG CONSTRUCTION, South of Lebanon | Kitchen Design Associate

2018 - 2022

- Managed the design phase of residential kitchen projects, focusing on woodwork detailing and functionality to meet client expectations.
- Coordinated closely with manufacturing teams to ensure precision in the execution of wood-based designs, from cabinetry to custom kitchen elements.
- Utilized industry-specific jargon to communicate effectively with craftsmen and clients, ensuring clarity in design intent and material specifications.
- Delivered high-quality renderings and presentations that highlighted wood craftsmanship and design innovation, enhancing client engagement and project approval rates.
